

CM-PM PENDANT

The CM-PM pendant is a palm sized, easy to grip, one button pendant on a two meter cord with a 6.35 mm jack for use with Austco's range of pendant callpoints to activate calls on Austco nurse/staff call systems. Call activation is by momentarily pressing the large push button.

The CM-PM pendant is available with green (AS 3811 compliant), orange or red buttons.

The CS-PMPad is a pendant cord with large 80 mm diameter soft touch air-activated pad for use by disabled patients or others with loss of manual dexterity.

CM-PM PENDANT

Features	Benefits
Choice of button colours and optional Braille dots on the button.	Easy user understanding and acceptance, including sight impaired users. (AS 3811 Compliant).
