

Inflection

Designed by
Winka Dubbeldam

Inflection is a compelling form for spaces of encounter—lobbies, foyers, restaurants, reception areas, and retail spaces—which can be used alone or in sculptural combinations, depending on the scale and intensity of the room.

Inflection
interior sconce

23" long, indirect light only, sculptural form for use singly or in clusters. For use in ballrooms, lobbies, atriums, foyers, conference rooms, and reception areas.
